

summer holiday program 16 jan-3 feb

The last few years have had a lot of change. Our children have been absolutely amazing at adapting to all the change.

This Summer we want to give the kids a great holiday experience.

Each day will have a major activity like a Colour Fight or Tribal War games in the play ground. Along with these fun activities will be all the usual activities like movies, board games, free play, craft and cooking.

Our Big Story will be based on the stories Jesus told about loving one another and knowing we are wired and gifted to love in unique and wonderful ways. Love is the most transformational currency on the planet.

We hope to see you.

monday to friday
